

This summer, Bethel Church is taking a team of people to Detroit, Michigan for EPC General Assembly. We will get to experience GA and worship with EPC members from around the country in the morning and evening. Then while the church leaders meet inside the walls of Ward Church, this team will be serving the people of Detroit by working with organizations and churches in the city to spread the love of Christ and the message of the Gospel. We will experience the Gospel as it crosses cultures and impacts the lives of others.
